ICC INTERNATIONAL COURT OF ARBITRATION

The International Court of Arbitration is the world's leading arbitral institution. Since 1923, it has administered over 23,000 cases and has helped resolve difficulties in international commercial and business disputes to support trade and investment.

The Court provides parties with a flexible and neutral setting for dispute resolution. It offers confidentiality and extraordinary freedom for parties to choose the framework for how and where they want to resolve their dispute. While the dispute itself is resolved by independent arbitrators, the Court supervises the process from beginning to end, increasing the quality of the process and enforceability of the awards.

Members of the ICC Court are appointed by the ICC World Council on the proposal of national committees and groups. To date, the Court has 180 appointed members from over 100 jurisdictions.

The Court's Secretariat, headed by a Secretary General, comprises a permanent staff of more than 80 lawyers and administrative staff of 37 different nationalities who speak as many languages.

The Secretariat is divided into case-management teams, seven based in Paris, one in Hong Kong, one in New York, one in São Paulo and another one in Singapore.
